

## Is This Your Life

(shout) Is this your life?

(Sing) Is this your life 4x

The hollowness  
The meaningless  
Just filling spaces  
The lifeless  
The deadness in living faces  
No movement  
But dreaming that you're going places  
No real love  
So you chase vain disgraces  
And you can't see  
Bling make you think you free  
And you can't be  
Your own thoughts are enemy  
And you want elation  
To fill the moments torture  
Stuck on the empty knowledge  
of a shallow culture  
Is this what are  
A living scar  
Just a living lie  
Headed toward the bye-bye

Chorus

And reverse bliss  
Lays a kiss upon your mind  
And you find  
That you're headed toward the outer line  
On your daily grind  
More like a death sentence  
Looking to do wrong  
Too full of rage for repentance  
And you can't see your blessings  
And you can't see your wealth  
Because the vultures got your eyes locked on something else  
In fact it's self-murder  
Labeled escape  
A yo  
Let me ask you something

Is it really you - you hate!!

Chorus

In this lifetime  
You can find  
The truth  
If you really want it  
There are land mines  
Destroyed mines  
Big dollar signs  
But the signs of the times  
Show the Divine is near  
And words of the Divine should be in your ear  
Filling you mind  
And your heart  
And your art  
And you'll start  
To see your part  
And take part  
Make a mark  
On your mark  
Get it sparked  
As we spark the brave hearts  
Towards paths of truth  
Breathe some life in youths  
Not rap death over beats  
I'm called to preach in these streets  
Is this your life  
You're standing on the mountaintop  
You won that gold ring  
You got everything  
But you about to drop  
Is this what it is  
Is this what the tops about  
And now you filled with questions  
Now you filled with doubts  
Disillusioned  
This life is so confusing  
You reached the pinnacle  
But spiritually your still losing  
Taking a brusin'  
Vultures are cruisin'  
Yes, you achieve your goals  
But some of y'all done sold your souls  
For a piece of bread

You're about to lose your head  
But still you can make it right  
You don't have to take your life!!!  
Is this your life?!!

Chorus

In this life time (God can feed ya)  
You can find (God can lead ya)  
The truth if you (Make you a believer)  
Really want it (He will deliver)  
There are land mines (Believe it Baby)  
Big dollar signs  
Signs of the times

Chorus

The end
