

These words are life

Christ written across my lyrical battle axe
I ain't drop theories
Man I'm spittin facts
Christ told me to move
Cause the movements lax
And when you're lax
You're more prone to fall to satan attacks
Move like the disciples
Read the book of Acts
As they spread the gospel pushing it to the max
There are many lost souls that your net can catch
Quote the prayer of Jabez
God will open the hatch
He'll give you wisdom and love that this world can't match
Now you can vibe vibe
Off off
The word play
But spread that love love
That is agape
You should live live what the scriptures say
Contemplate on the things God say a-a-allday
Live this truth
And let your life be proof
And your God will prove
You just have to move
Cause in truth that's the mission
Of all who will listen
And live
for Christ
You should be out there fishin'
It's a gift and a blessin'
To teach the lesson
Towards the righteousness of Christ
We should all be steppin'
Truth, honor and love
That's the Christian weapon
Man these words are life

These words are life 4x
Dig through these verses
Like you're looking for jewels
Cause in these scriptures are life
And God will give you the tools
To maintain
The sanest of brain
The mundane-starts to strain
Call on God
Sing the hook and refrain
These words are life
Call His name and goodness will not be restrained
That's why He came
To save you from death and pain
And from the flames
That will end your life eternally
And man that's a horror
Forever no more tomorrow
For those
Who were suppose
To choose life
But froze
So now they'll doze
Into flames that will turn them to ash
Finally the universe will be cleansed at last
The wicked rule for now
But God will put em on smash
And peace and love will reign never more to pass
Baby these words are life

These words are life 7x
Thank you Father for everything you've given
Thank you Father for existing a living

For these words of life
Every verse
Every line
Man can cleanse your mind
You're no longer blind
As you behold His life

You put on His life
As you are hid in His life
He'll give you new life
He'll give you all of the skills to deal with all of your strife
And that's a billion times nice
Consider His sacrifice
Because we don't deserve
Not even a kind word
A Holy God gave His life
And that's more than superb
That's deep can't understandable
Love unheard of
That type of love can only come from above
And that's word-12x
A Holy God came to love and also serve

These words are life 4x

We got that love-love
We got that love

We got that peace-peace
That peace like dove

We got that rest-rest
We got that rest
That 7th day Sabbath that does refresh
Baby these words are life

It's love and peace
We on a quest 'round here

It's love and peace
And rest 'round here

It's love and peace
No stress 'round here

It's love and peace
We're blessed 'round here

These words are life 2x
