

A Place for me

This world is not my home
I've known this for a while
I was a child
When I knew

Yes I've known some pain
My life has had some stains
Yes I've have some joys
I have three little boys
And a wife
God in my life

(Chorus)
This world is not my home
God has a place for me
This life is temporary
God's gonna free my family
And my friends
This life will end
But that's okay
I want to say
I love you

I've lost and I've had some gains
I feel my people's pain
They wear their stains out loud
They wallow in their madness proud
And that's not sane
Lord, send Your rain
To heal the pain
Make Your truth plain

(Chorus)

I'm tired of this grief and pain
At times it's so surreal
I can't imagine how you feel
When your whole aim is heal
To watch this world
Your boys and girls
Destroy themselves
And refuse your help

(Chorus)

This world is not my home
God has a place for me
This world is temporary
God's gonna free my family
Saved by Your Grace
We'll see Your Face
We'll leave this place
Your Promise came true
Father, I love you
